Touristic Apartments T2+1 in the center of Porto Covo

In the heart of the picturesque fishing village of Porto Covo, 500 meters from the beach, and inserted in the Natural Park of southwest Alentejo and Vincentian coast, a tourist development of the Pestana Group will emerge.

Porto Covo is surrounded by the most beautiful and natural beaches in the country, rugged and hidden that lie along the coast. The island of Peach, is another point of interest. Its name has Latin origin, evolving from the terms piscatorius or piscaium, since in roman times it was a place of fish preparation, as witnessed by the traces of salting tanks that can still be observed on the island. It has an excellent beach for windsurfing and sport fishing.

This project will consist of a set of 174 tourist apartments, with private pools, in a private condominium with services and a central nucleus with gardens and leisure spaces inserted in a plot of about 3 hectares. Typologies of T2+1, with an average gross private area of 104 m2 from 440,000€. Project in licensing phase, delivery of the apartments is expected in 2024.
